Hello, this is Otsu Hiyori. Thank you for taking up Orange & Yellow in your hand. Some of those who are always reading may have noticed, it seems my very favorite setting is about childhood friends... (How many times does this one make...) But I think I want to look for a chance to write about that again someday...!

Afterword

Thank you very much for reading this!
But I worry what to write in the afterword other than thanks..
I'll talk a little about the production.

■Orange & Yellow
While gathering data for Aqua Blue Cinema with the chief, along a country road we saw a tiny field of yellow and orange poppies; it was such a cute color. Since we already had aqua blue for the cover story of one book, I thought about what story could go with yellow and orange, and it became this story.
I was going to put a monologue into the magazine version explaining the meaning of the title, but since that didn't happen, I selfishly put that meaning onto the obi. Yellow & Orange was good, but the title has now become Orange & Yellow since that sounds better.
If I get the chance I also want to draw what comes after the talk with the literature club senpais.
■The Proof of Her Love
It's not very clear without painting it, but I really tried to draw a pale blue uniform shirt. Although you can't tell from the black and white copy, that uniform shirt is definitely pale blue.
■Magical Chocolate
This story is about the friends of Fuuka that are seen in "Love Letter" in Your Cuteness. Though it could only be a few pages long for placement in Sayuri-Hime, I really enjoyed drawing those two in uniform.
■Katakoi Hime
This is from a storyboard done almost 10 years ago. It feels less experienced than usual... It's a little embarrassing... I did more proportionally wide frames than usual, since I drew it with the vague idea of increasing the rainy atmosphere as much as I could by using the wide frames. But looking at it later, it doesn't increase very much (sweat)... I can't seem to fix the habit.
■Tear Potion
I don't remember much, probably because there wasn't much time to draw this work... I tried to draw it with the feeling of middle school students.

This has become rather long (sweat).

Well then,
Chief ✻ Everyone in editing ✻
All in the code design studio ✻
Mayurin ✻ Chii-chan ✻ American Woman ✻
Maichi ✻ Family ✻
And everyone who read this ✻
Thank you all so very much!

Because I want to do the best I possibly can in the future, thank you for your consideration.

Otsu Hiyori.

I ended up taking another break from scanlating, but I'm back at it now.

This one I did off schedule thinking that it would not take long and that I wanted to see it. Since I never officially said I was doing this extra, Yuri Project tossed out the special for this volume while I wasn't looking; they did a good job. Well here is the rest of it including the afterword.
